MEMBERSHIP FORM

The Newlands Residents' Association (NRA) plays an active role in protecting the environment, heritage and investment that residents so value when choosing to live in Newlands.

Some of the activities that benefit all Newlands residents include:

- screening property developments, ensuring building compliance and land use legislation;
- co-ordinating dealings and negotiations with all security service providers;
- the maintenance and upgrading of roads, pavements, street lights, subways, parks and trees;
- graffiti and litter removal, and
- monitoring current issues affecting residents, such as new municipal by-laws.

In order to ensure that the NRA remains a representative body able to address community issues with the appropriate authorities, residents are requested to join the association or renew their membership.

- Membership to the NRA is open to any property owner, resident or business within the NRA area.
- Annual membership is R120 per household from the 1st of January.

I wish to become a member of the Newlands Residents Association.
